

# HEALTH & SAFETY POLICY

We are an Electrical Company who have successfully carried out testing and commissioning projects throughout the Western Australian Metro and Pilbara Region.

Nothing in our business is as important as health and safety. We are committed to operating in a way that health and safety is engrained in what we do so as to eliminate incidents and injuries in our workplace.

To achieve our commitment we will:

- COMMUNICATE** Communicate our Health & Safety Policy with everyone who works with us, so they are aware of their obligations and our systems and procedures.
  
- PROVIDE** Provide and maintain effective health & safety systems and procedures that are relevant and applicable to the task and manage risks to the health and safety of all everyone who works with us.
  
- EMPOWER** Empower our people to innovate, take responsibility for their health and safety and implement safe work methods that enhance our capabilities to operate safely.
  
- MONITOR** Monitor by setting objectives, targets, measures, and indicators to foster a culture of safety improvement.
  
- IMPROVE** Seek to continually improve our safety management by keeping abreast of industry safety improvements and implementing them into our way of business.
  
- COMPLY** Comply with health and safety regulations, statutory obligations & laws and with the requirements of AS/NZS ISO 45001.

The health, safety and wellbeing of everyone working with us are of paramount importance and we recognise that it is the commitment to this policy that allows us to conduct our business in a healthy and safe manner.
